This application is before the examiner for consideration on the merits

I. A "Use" claim is non-statutory. A claim is drawn to either material or process claim.

Therefore, the non-statutory "Use" claims 6-7 are withdrawn consideration.

II. Claim 8 is properly drawn to a material with respect to an apparatus or machine. It is considered and searched.

III. The following is an examiner's statement of reasons for allowance:

(1) It is known to use a densitometer to measure a density of a processed photographic material. Evidence can be seen in at least Rider (5,780,189).

(2) It is known to process black-and-white photographic material. Evidence can be seen in Roefs et al (5,895,743). Patentees fail to disclose, teach and suggest a sound recording a daylight environment with the properties of the film element. Please see the related patent no. 6,713,242. Accordingly, claim 8 is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

IV. The examination process is completed with (1) the searchable claim 8 is done and (2) the non-statutory "Use" claims 6-7 are withdrawn.

This application is in condition for allowance except for the following formal matters:

The non-statutory "Use" claims 6-7 are requested to be canceled to put the instant application in a condition for an allowance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

However, claims 6-7 are permitted to be rejoined with the considered, searched and found to be allowable material claim 8 if they are properly (*) drawn to process claims and (**a) depended on claim 8 or (**b) contained all of the limitations of claim 8 in accordance with the authority stated in *In re Ochiai*, 37 USPQ2d 1127 or *In re Brouwer*, 37 USPQ2d 1663 and MPEP 821.04. Such amendment will be entered in the next response to this Office action.
